

# LAST WEEK THIS WEEK

The highs and lows of a life in the side-stream

Issue No. 10 June 15 - June 21, 2025

## EAT THE EARTH

Last week I got home from a tiring shift. I didn't have any energy to cook, so I went out to eat. Have you ever been to the Ditch? It's amazing. They only have fresh ingredients, all ethically sourced, and locally grown. Really takes Girl Dinner to the next level. Pretty sure there are Ditches in every place there is a road. I will have to try the English Ditch when I am over there. I hear great things about the urban blackberries.

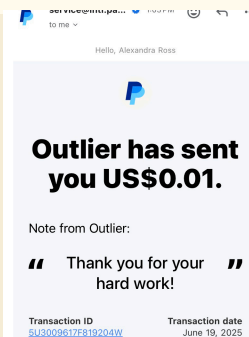

## THIS WEEK NEXT WEEK

This week I am grappling with the fact that I leave for four months in three weeks. The deadline is feeling real, and I am wondering wtf I was thinking...

## Alexandra Collects unfinished house projects

Nothing fills me with confidence about my life choices than getting that first paycheck from the qualifying exam for an AI reviewer....

## #VanLifeButWithABullBar?

Folks, I believe I may need a new car strategy if I want to live out here. There are just too many Velocirapt-deers who enjoy jumping in front of moving cars. I'm thinking van with front bars is my next move.
